## OBJECTIVE

---

Beginner software developer with good knowledge of backend development, frontend technologies and Data Structures & Algorithms. Eager to apply skills in real-world projects and continue learning.

## EDUCATION

---

**Bachelor of Science in Computer Science (B.Sc - CS)**, Chaudhary Charan Singh University, Meerut College, Meerut. 2023 – 2026

**Percentage:** 80% — **CGPA:** 8.0/ 10

**Relevant Coursework:** Data Structures & Algorithms, Frontend & Backend Development, DBMS, Operating Systems, Computer Networks, System Design (Basics).

## SKILLS

---

**Programming Languages:** C, C++, Java, JavaScript, TypeScript.

**Frontend Technologies:** HTML, CSS, React, Tailwind CSS, Next.js.

**Backend Technologies:** Node.js, Express.js, REST APIs, Authentication, Server-side Logic.

**Databases :** MySQL, MongoDB.

**Core Computer Science:** DSA, OOP, DBMS, Operating Systems, Computer Networks, System Design.

**Tools & Platforms:** Git, GitHub, Postman, npm, MS Office (Excel, PowerPoint, Word), VS Code, Canva.

**Soft Skills:** Problem Solving, Communication, Teamwork, Quick Learner, Time Management.

## PROJECTS

---

**Shreeji Enterprises Website (First Freelance Project).** Developed a responsive business website for a solar and electrical services company using React, TypeScript, and Tailwind CSS. Implemented service pages and a contact form with basic backend form data handling. ([Live Site](#)) ([GitHub](#))

**Live DSA Practice & Contest Platform (Self Project).** Built a full-stack web platform inspired by LeetCode contests where users can log in, create or join live DSA problem rooms, set contest duration, and solve problems simultaneously. Implemented frontend using React, JavaScript, and Tailwind CSS, and backend using Express.js and MongoDB for authentication, contest and submission management. ([Live Site](#)) ([GitHub](#))

**Developer Portfolio Website.** Designed and developed a personal portfolio website to showcase projects and skills using React, JavaScript, and Tailwind CSS with a clean, responsive UI. ([Live Site](#)) ([GitHub](#))

## EXPERIENCE

---

### Freelance & Self-Initiated Development

- Gained hands-on experience through freelancing and self-initiated projects, working across frontend and backend technologies while strengthening problem-solving skills and core technical fundamentals as an early-career developer.

## EXTRA-CURRICULAR ACTIVITIES

---

- Practiced Data Structures & Algorithms daily with 900+ problems on LeetCode and 500+ on GeeksforGeeks; participated in weekend coding contests.
- Built projects applying DSA, basic system design, and daily frontend/backend development.
- Explored Generative AI concepts and used AI tools such as ChatGPT and other GenAI tools for learning, problem solving, and development productivity.
- Shared technical learnings and progress through regular posts on Twitter.
